

Assignment No: -13

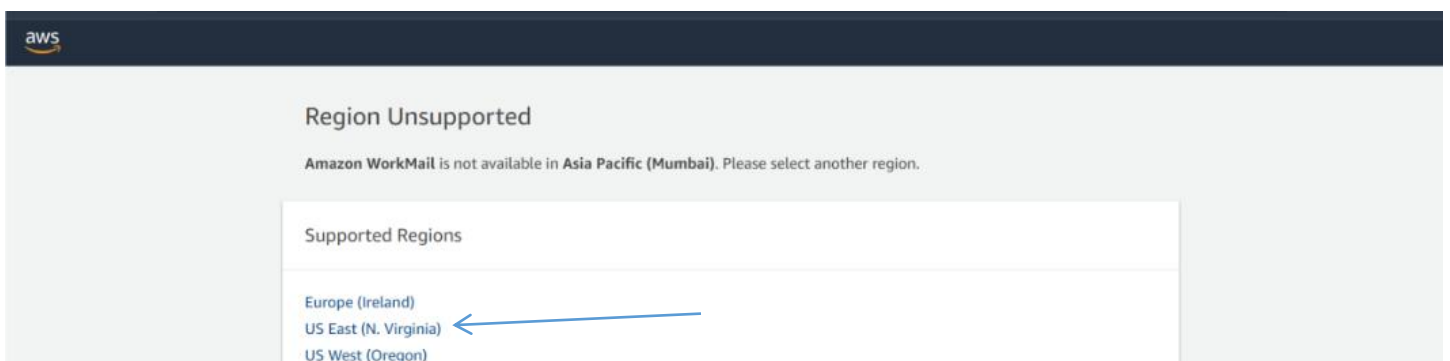

Problem statement: Create a work mail for your organization.

The step are as follows: -

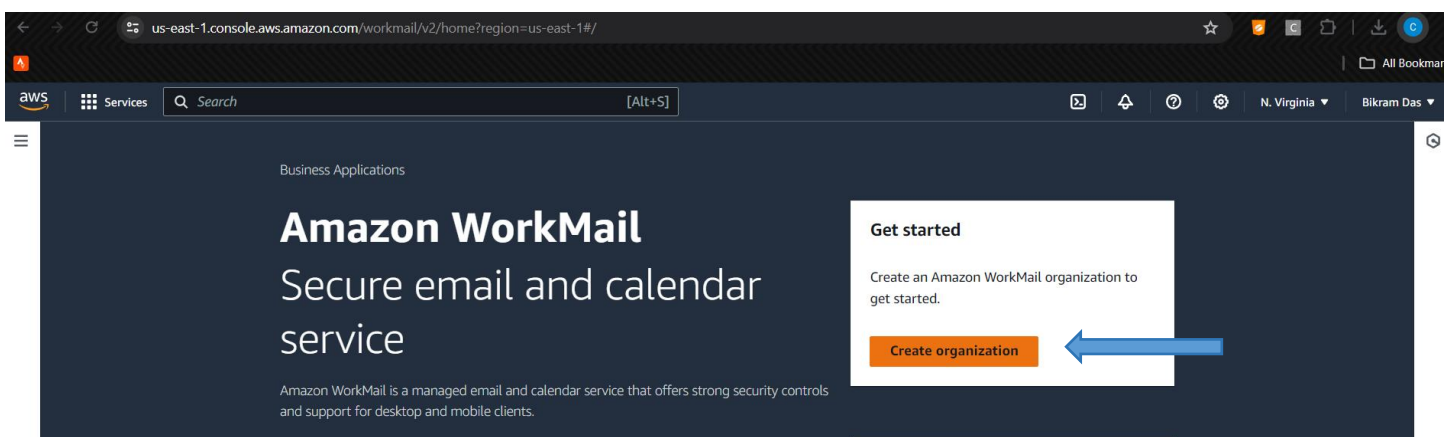

1. Navigate to the AWS console and locate the **"Work Mail"** service. Click on the first option that appears in the search results.

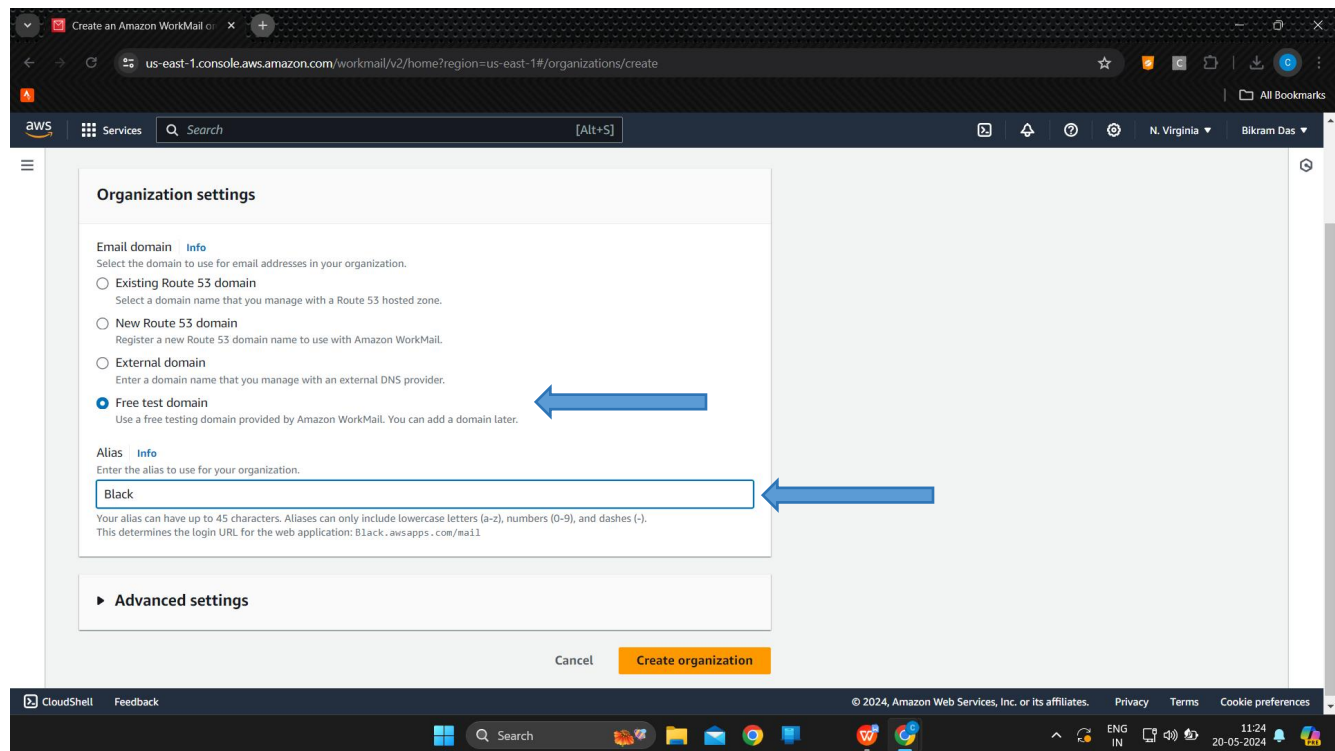

2. Choose a region from the list of supported regions. For this example, select **"US East (N. Virginia)"**.

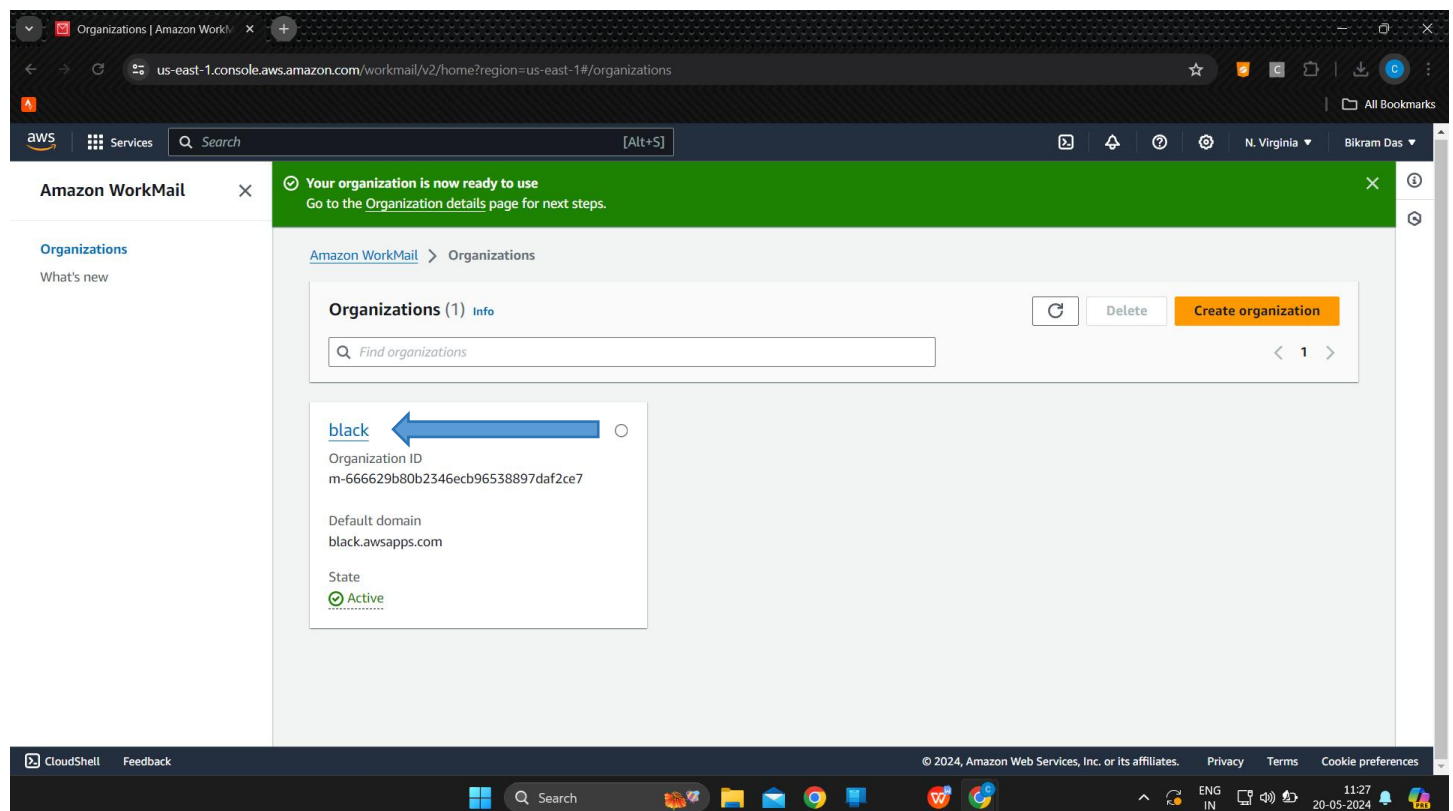

3. Click on **"Create organization"**

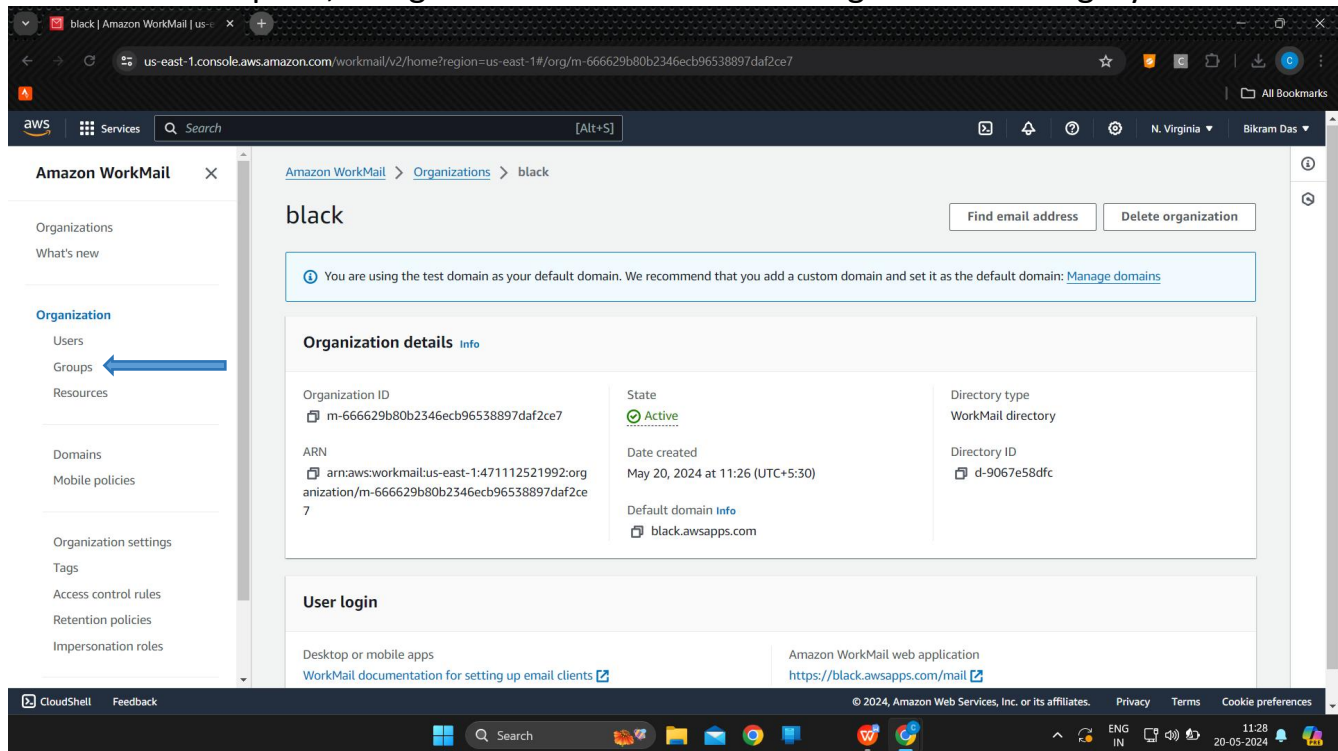

4. Select the **"Free test domain"** option from the available email domains. Then, enter an organization name, such as **"black."** ,then click on Create organization.

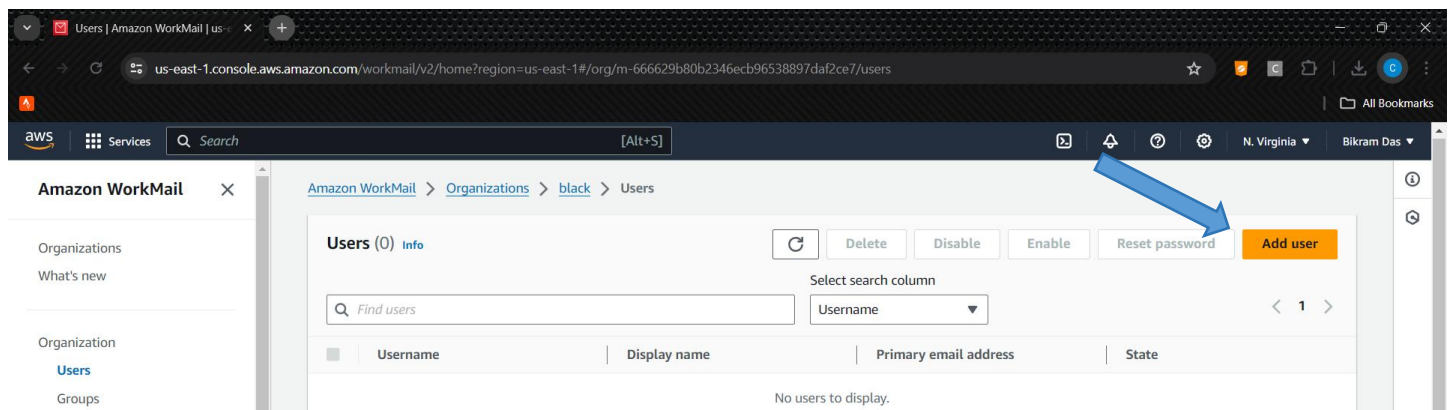

5. Once the organization is successfully created, click on the organization name.

6. From the left pane, navigate to "Users" under the Organization category.

7. Then proceed to click on "Add user"

8. Enter the username, first name, and last name in their respective fields. The display name will be generated automatically.

Username
The username enables the user to login to the Amazon WorkMail webmail.

Username can only contain the following characters: a-z, A-Z, 0-9, _ (underscore), - (hyphen) and @.

First name - optional

Last name - optional

Display name
The name by which the user is presented in the system.

Email address
Primary email address to be used for this user.
 @

9. Next, set a **password** for the WorkMail account according to the provided guidelines.

Password setup

Password
Password for the user to log in with.

Passwords have an 8-character minimum with at least one character from three of these four categories: lowercase, uppercase, numeric, and special characters.

Repeat password

Cancel Add user

10. Proceed to click on **“Add User”**.

Password setup

Password
Password for the user to log in with.

Passwords have an 8-character minimum with at least one character from three of these four categories: lowercase, uppercase, numeric, and special characters.

Repeat password

Cancel Add user

11. After successfully adding the user, return to the **organizations** page, click on the organization name, and navigate to the **“Amazon WorkMail web application”** link to proceed.
